

Y7. SOW

This is an example SOW. You could create your own, using the workbook and online resources provided, supplemented by your own ideas and resources. This SOW follows a wider Long-term plan (available in the Secondary school resources folder) which is thematic in its approach, covering key topics for gambling and gaming across the four Purposes of Welsh Education enabling all our children and young people to be: 1) Ambitious, capable learners 2) Enterprising, creative contributors 3) Ethical, informed citizens and 4) Healthy, confident individuals. It is a thematic, spiral curriculum, with key topics and themes being revisited, whilst increasing the challenge, broadening the scope, and deepening students' thinking further through the key stages.

Y7L1: GAMES: WHAT, WHEN AND HOW.

Challenge: This lesson relates to challenge 4.4 from the 'In the Know' booklet: Why People Game. Build a survey, focussing on the games young people play. How much time do they spend on these? Do they pay to play? How do they play? Do they feel any peer pressure to buy items, play longer or play particular games? Present findings.

Learning Objectives:

- To understand the emotions attached to gaming (positive and negative)
- To understand the motivations of people who play video games
- To be able to gather information and interpret data
- To work as a team to agree options

Learning Outcomes:

- I can discuss the emotions people may attach to gaming
- I can recognise positive and negative emotions of gaming
- I understand why people might want to play video games
- I can gather information and draw conclusions by studying the data
- I can work as part of a team

Resources:

- Y7L1 The 'Games: What, When and How' PowerPoint
- Pen and paper
- Diary – optional

Curriculum for Wales links:

CW02, CW04, CW05, CW09, CW10, CW14, CW17-18, CW26-28, CW30

Six Areas of Learning and Experience:

- Health and Wellbeing
- Languages, Literacy and Communication

Safeguarding: It's important to establish a safe learning environment with clear guidance ground rules. Children and young people should feel able to seek support if necessary and be provided with appropriate support and additional sign posting options. You may wish to work with your DSL. This topic may lead to some children sharing sensitive information and personal experiences which may trigger emotions. In each lesson they should be reminded they can talk to staff within the school. You can also share the sign posting options.

NOTE: This lesson can be completed as a stand-alone lesson or as part of the Y7 SOW for which it is part 1 of 6 lessons. You may wish to deliver this session as two separate lessons in which case you may choose to adapt the SOW to suit the needs of your school.

Starter	Main	Plenary
<p>Game Emotions.</p> <p>What emotions do you associate with gaming?</p> <p>60 second scribble.</p> <p>You have, 1 minute to list all the things you associate with gaming.</p> <p>Do you play, how do you play and what games do you play?</p> <p>In groups discuss the games you play, the method of play and which games are most popular in your group. Discuss the most appealing features.</p> <p>Feedback to the class.</p>	<p>Games: What, when and how.</p> <p>Teacher: how can we find out the gaming habits of the class?</p> <p>Students to work in groups to think of ten questions to ask their peers about gaming. Students may wish to consider, the length of time played, the method of play, e.g. mobile devise, console, tablet, tv etc, the amount of money spent, online/offline, emotions whilst playing, have they ever experienced negative behaviour etc.</p> <p>Share your ideas:</p> <p>Groups to feedback their questions. As a class agree on the chosen questions.</p> <p>Students to respond to questions. This can be done anonymously if preferred with students writing their answers on post it notes, folding and presenting to the teacher to record.</p> <p>Depending on group size the results could be shared in the plenary or follow up lesson.</p>	<p>OPTION 1:</p> <p>What do the results show us:</p> <p>Explore the results from the survey. On average how much time do students game? Do we think this is balanced with other activities; how could we ascertain this?</p> <p>Are students paying to play? How might students be affording this? How could we measure the amount of money spent?</p> <p>OPTION 2:</p> <p>This could be developed in the plenary or given as a homework task. You could utilise the diary resource if given as a homework task.</p> <p>Create a diary to record your activities at home over the next two weeks. You will want to measure the activities so you will need to consider the type of activity and the amount of time.</p> <p>OPTION 3:</p> <p>What would you do?</p> <p>You're playing a game in an online forum and the group begin bullying one of the players. How do you think you would respond?</p>

		<p>Can you think of five things you could try to stop this/assist the person being bullied?</p> <p>Teacher to remind students of where they can get help. If they are worried about their own or someone else's relationship with gaming or gambling they can speak to a member of staff.</p> <p>GamCare and Childline sign posting options.</p>

Y7L2: GAMES: WHAT, WHEN AND HOW.

Challenge: This lesson relates to challenge 6.2. Addiction and Mental Health. Choose 10 images you associate with gaming and associated mental health issues. Create a collage and share your thoughts, use key words to support your images.

Learning Objectives:

- To be able to identify and critique the benefits and risks associated with gaming
- To attach ideas and feelings to images associated with risk and gaming related harm
- To be able to offer an opinion on gaming benefits and risks
- To be able to suggest ways to minimise risk
- To be able to identify how and where to get help

Learning Outcomes:

- I can recognise the benefits and risks of gaming
- I can choose images to depict my thoughts and feeling about gaming
- I am able to share my opinions relating to the risks of gaming
- I can suggest ways to minimise the risk
- I know where to get help if I am worried about my own or someone else's relationship with gambling or gaming.

Resources:

Six Areas of Learning and Experience:

- Expressive Arts
- Health and Wellbeing
- Languages, Literacy and Communication
- Science and Technology

Safeguarding: It's important to establish a safe learning environment with clear guidance ground rules. Children and young people should feel able to seek support if necessary and be provided with appropriate support and additional sign posting options. You may wish to work with your DSL. This topic may lead to some children sharing sensitive information and personal experiences which may trigger emotions. In each lesson they should be reminded they can talk to staff within the school. You can also share the sign posting options.

NOTE: This lesson can be completed as a stand-alone lesson or as part of the Y7 SOW for which it is part 6 of 6 lessons. You may wish to deliver this session as two separate lessons in which case you may choose to adapt the SOW to suit the needs of your school.
